Answer: D

Explanation:

Question: 4

HOTSPOT

Match each sprint ceremony to its appropriate objective. Each objective may be used once, more than once, or not at all.

Sprint Retrospective
Select a match
<p>The ceremony is designed for the Product Owner and Development Team to meet and review the prioritized Product Backlog.</p> <p>The Development Team showcases all of the work that has been completed during the sprint, allowing stakeholders to see the application and adapt the product going forward.</p> <p>This ceremony provides the team with a platform to discuss what is going well, what could go better, and some suggestions for changes going forward.</p> <p>The Development Team estimates the difficulty of developing a feature by using an abstract, but agreed upon, measurement of effort required to implement it.</p>

Story Pointing
Select a match
<p>The ceremony is designed for the Product Owner and Development Team to meet and review the prioritized Product Backlog.</p> <p>The Development Team showcases all of the work that has been completed during the sprint, allowing stakeholders to see the application and adapt the product going forward.</p> <p>This ceremony provides the team with a platform to discuss what is going well, what could go better, and some suggestions for changes going forward.</p> <p>The Development Team estimates the difficulty of developing a feature by using an abstract, but agreed upon, measurement of effort required to implement it.</p>
